

INDEPENDENT INVESTMENT MANAGER PARTNERSHIP

Through our partnership program, investment managers can manage assets donated to the Community Foundation by their client separately from the Community Foundation of Snohomish County (CFSC)'s investment pool. The assets become the property of the CFSC, which enables the client to receive an immediate tax deduction.

Here's how it works:

For more information on partnering with CFSC as an independent investment manager, or if you would like your investment advisor to manage a charitable fund at CFSC, please contact Elena Pullen-Venema at elena@cf-sc.org or 360-913-8977.
