

# SUPPORTING RACIAL JUSTICE THROUGH ESTATE PLANNING

## CHARITABLE GIVING OPTIONS

### Support Charities That...

- **Serve** communities experiencing injustice and inequity due to race and other historic causes of discrimination.
- **Have leaders and staff** who represent the community they are serving. They are the experts and know best how to serve their communities.
- **Lift up voices and groom future leaders** from Black, Indigenous, and other Communities of Color.
- **Address the root causes** of economic, racial and social injustice.

---

Consider donating to organizations that directly address the need for systems change and community organizing through advocacy, policy development, and political and legislative action.

### ***Make gifts that are flexible and unrestricted.***

Unrestricted money makes an organization work smoothly, enables innovation, and provides fuel for growth. It unlocks potential and allows people to get down to business and do what they're best at.

Don't ignore smaller, newer organizations and those that are fiscally sponsored by another 501(c)3 organization. Many are engaged in critical community-based efforts to address inequities and have important local impact.
