INDEPENDENT AUDITOR'S REPORT

January 31, 2022

Board of Directors Community Foundation of Snohomish County Everett, Washington

We have audited the accompanying financial statements of Community Foundation of Snohomish County (a nonprofit corporation), which comprise the statements of financial position as of December 31, 2020 and 2019, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to in the first paragraph of this letter present fairly, in all material respects, the financial position of Community Foundation of Snohomish County as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 and 2019

NOTE A - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

The Community Foundation of Snohomish County (the Foundation) is organized as a nonprofit taxexempt corporation under the laws of the State of Washington. As a community foundation, it serves donors across the full spectrum of philanthropy including arts and culture, health and welfare, education, human services, environment, and community.

The mission of the Foundation is to strengthen communities in greater Everett and Snohomish County by:

- Building permanent charitable funds,
- Connecting donors to charitable causes they care about,
- Making effective grants, and
- Providing leadership to address community issues.

Income taxes

The Internal Revenue Service has recognized Community Foundation of Snohomish County as exempt from federal income taxes under provision of Section 501(a) of the Internal Revenue Code as an entity described in Section 501(c)(3) and not as a private foundation.

Basis of presentation

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

The Board of Directors has designated otherwise unrestricted net assets to act as a capital reserve in anticipation of future capital replacements and improvements. Capital reserves are intended for large planned or emergency capital needs. A separate capital reserve fund was established in 2011 and is increased periodically with board approval in anticipation of future capital replacements and improvements. The board designated capital reserve balance as December 31, 2020 and 2019 was \$147,363 and \$133,597, respectively.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 and 2019

NOTE A - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net assets with donor restrictions as of December 31 are as follows:

		<u>2020</u>		<u>2019</u>
Subject to expenditure for specific purpose:				
Non-endowed grant making funds	\$	101,030	\$	197,285
Endowments:				
Subject to Foundation endowment spending policy and				
appropriation:				
Donor-advised endowment funds		4,672,167	4	4,117,281
General endowment funds		7,780,837	,	7,227,459
Community impact endowment funds		1,193,023		1,118,772
Field of interest endowment funds		169,981		158,201
Scholarship endowment funds		1,040,246		957,958
	1	14,856,254	_1:	3,579,671
Subject to Foundation endowment spending policy and				
appropriation:				
Life Insurance		393,828		410,283
Assets held in trust		320,114		327,117
	\$ 1	15,671,226	\$1	4,514,356

The Foundation's grant distribution goal is to provide a consistent and stable flow of grants. The annual grant expenditure allowed will be four percent of the fund balances, unless otherwise stated in the fund agreement. The allocation is made in January based upon the average of the prior three year-end fund balances. A minimum of \$500 can be distributed in annual grants from funds that have achieved a minimum balance of \$25,000 and have achieved four quarters of earnings.

Administrative fees are charged quarterly to individual funds at rates established in the donor fund agreements. These fees are reported as reclassifications between the applicable net asset classes at the time they are charged to donor funds.

Contributions restricted by donors are reported as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported as net assets released from restrictions. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are released from restriction when the assets are placed in service.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 and 2019

NOTE A - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash

For the purpose of reporting cash flows, the Foundation considers all cash accounts which are not subject to withdrawal restrictions or penalties, and all highly liquid debt instruments purchased with an original maturity of three months or less, to be cash equivalents. The Foundation maintains its cash and cash equivalents in bank accounts that may exceed federally insured limits at times during the year. The Foundation has not experienced any losses in these accounts, and management does not believe it is exposed to any significant credit risk.

Fair value measurements

In accordance with financial accounting standards, a three-tiered hierarchy of input levels is used for measuring fair value. Financial accounting standards defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Valuation techniques utilized to determine fair value are consistently applied. Transfers between levels in the fair value hierarchy are recognized at the end of the reporting period. The three tiers of inputs used for fair value measurements are as follows:

- Level 1: Fair values are based on quoted prices in active markets for identical assets and liabilities.
- Level 2: Fair values are based on observable inputs that include: quoted market prices for similar assets or liabilities; quoted market prices that are not in an active market; or other inputs that are observable in the market and can be corroborated by observable market data for substantially the full term of the assets.
- Level 3: Fair values are calculated by the use of pricing models and/or discounted cash flow methodologies, and may require significant management judgment or estimation. These methodologies may result in a significant portion of the fair value being derived from unobservable data.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 and 2019

NOTE A - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued) Investments

Investments are reported at their fair values in the statement of financial position. Market risk could occur and is dependent on the future changes in market prices of the various investments held. Investment returns are allocated between funds in the investment pool, which include endowment funds and funds with donor restrictions based upon allowed uses.

Property and equipment

Property and equipment are stated at cost or, if donated, at fair value at date of donation. Property and equipment with an original cost of \$1,000 or greater are capitalized. Depreciation is provided using the straight-line method over the estimated useful lives of the assets, principally two to seven years. Property and equipment consist of the following:

	<u>2020</u>	<u>2019</u>
Building and improvements	\$ 350,128	\$ 350,128
Furniture and equipment	 63,122	 63,122
	413,250	413,250
Less accumulated depreciation	 (210,759)	 (194,173)
	202,491	219,077
Land	 151,200	 151,200
	\$ 353,691	\$ 370,277

Support and revenue recognition

The Foundation recognizes contributions when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been met. As of December 31, 2020 and 2019, there were no conditional contributions and grants for which no amounts had been received in advance.

The Foundation recognizes revenue from space rentals in the period in which the space is occupied. The Foundation records special events revenue equal to the cost of direct benefits to donors, and contribution revenue for the difference.

Volunteer Services

In accordance with financial accounting standards, donated services are recorded as in-kind contributions and are recognized as revenue at estimated values at the date of receipt if they (a) create or enhance non-financial assets, or (b) require specialized skills and would need to be purchased if not provided by donation. However, many volunteers have donated significant amounts of their time to the Foundation. The in-kind value of these volunteer hours donated is not recognized as revenue as it does not meet the criteria for recognition.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 and 2019

NOTE A - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued) Grants

Grants are approved by the Board of Directors of the Foundation in accordance with respective bylaws and guidelines. Grants are recorded in the financial statements when approved.

Functional allocation of expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of activities and of functional expenses. Where possible, specific expenses have been charged directly to the appropriate category. When functions are shared or costs are intermingled, expenses are allocated based on employee counts (such as facilities and portions of IT costs) or estimated percentage of effort.

Advertising

The Foundation's policy is to expense advertising costs as they are incurred.

Reclassifications

Certain accounts in the 2019 financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements. These reclassifications had no effect on the net assets or change in net assets as of or for the year ended December 31, 2019.

NOTE B - FAIR VALUE MEASUREMENTS

Fair value of assets measured on a recurring basis (at least annually) is as follows as of December 31, 2020:

	<u>Level 1</u>	Level 2	Level 3	<u>Total</u>
Money market funds	\$ 2,496,044	\$ -	\$ -	\$ 2,496,044
Stocks and mutual funds	24,714,937	-	-	24,714,937
Fixed income funds	3,197,025			3,197,025
	\$30,408,006	\$ -	\$ -	\$30,408,006

Fair value of assets measured on a recurring basis (at least annually) is as follows as of December 31, 2019:

	<u>Level 1</u>	Level 2	Level 3	<u>Total</u>
Money market funds	\$ 4,470,077	\$ -	\$	- \$ 4,470,077
Stocks and mutual funds	18,600,859	-		- 18,600,859
Fixed income funds	3,654,404			- 3,654,404
	\$26,725,340	\$ -	\$	- \$26,725,340

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 and 2019

NOTE B - FAIR VALUE MEASUREMENTS (continued)

Assets and liabilities carried at fair value on a nonrecurring basis using level 2 inputs generally include donated goods, facilities and services. Long-term promises to give are valued on a nonrecurring basis using the net present value of future cash flows discounted at a risk-free rate of return which is a level 3 input. The Foundation also uses fair value concepts to test various long-lived assets for impairment.

NOTE C - LIQUIDITY

The Foundation manages its cash to meet general expenditures and grants following three guiding principles:

- Operating within a prudent range of financial soundness and stability;
- Maintaining adequate liquid assets; and
- Maintaining sufficient reserves to provide reasonable assurance that obligations under endowments with donor restrictions and quasi-endowments that support mission fulfillment will continue to be met, ensuring the sustainability of the Foundation.

General expenditures include management and general expenses, fundraising expenses and some program expenses. Administrative fees provide an ongoing source of income for general operations and programs. Fees are assessed on funds quarterly, based on fund balance and/or activity.

The Foundation manages its cash available for grant purposes by examining the purpose for which the fund was established and whether the fund is endowed or not. Endowed funds are generally invested in the Foundation's Investment Pool. The amount available for granting is calculated annually according to the Foundation's spending policy. In order to protect the principal value of an endowment, no grant distributions are made that will cause the spendable balance to fall below zero.

Financial assets available for general expenditure, that is, without donor or other restriction limiting their use, within one year of the statement of financial position date comprise the following:

	<u>2020</u>	<u>2019</u>
Total financial assets	\$35,580,462	\$ 32,851,175
Less amounts not available to be used within one year	r:	
Loan Receivable	(600,000)	(600,000)
Assets held in trust	(320,114)	(327,117)
Life Insurance Cash Surrender Value	(393,828)	(410,283)
Board-designated capital reserve	(147,363)	(133,597)
Donor restricted funds	(101,030)	(197,285)
Endowment investments	(15,847,614)	(13,763,368)
Financial assets available to meet cash needs		
for general expenditures within one year	\$18,170,513	\$ 17,419,525

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 and 2019

NOTE D - ASSETS HELD IN TRUST

In 2010, the Foundation became the beneficiary of a charitable remainder trust. Under the terms of this split-interest agreement, the Foundation is to receive the full balance of the trust upon the death of the donor. The receivable for the split-interest agreement is carried at fair value of the underlying investments based on quoted prices in the active market, which was \$320,114 and \$327,117, respectively, as of December 31, 2020 and 2019.

NOTE E - IMPACT INVESTING NOTES RECEIVABLE

During 2016, the Foundation loaned HopeWorks Social Enterprises (the Company) \$300,000 and in 2018, an additional \$300,000 for Phase II. The Company purchased property and an adjacent lot to be used to house at least three of the social enterprises developed and owned by the Company. This loan will help to payback the loans that are owed to the bank, another organization, and do repairs on the property. Interest is paid annually at 2% for the first 3 years, 3% afterwards. The loan is due in five years. The loan is secured by the property.

NOTE F - LIFE INSURANCE CASH SURRENDER VALUE

In 2002, the Foundation became beneficiary of a \$2,000,000 life insurance policy. In 2018, the life insurance policy was changed to a non-bill status.

NOTE G - FUNDS HELD FOR OTHERS

The Foundation holds assets under agency fund agreements for the benefit of fifteen unrelated nonprofit organizations. These funds may be distributed to the respective beneficiaries upon their request, and as such, are included in current liabilities in the Foundation's statements of financial position.

NOTE H - ENDOWMENT

The Foundation's endowment consists of 151 individual funds established for a variety of purposes. The Foundation's Board has designated net assets with donor restrictions for various purposes to aid in the management of the Foundation's resources and to satisfy certain board objectives. The endowment includes both donor-restricted endowment funds and funds designated by the Board of Directors to function as endowments.

As required by generally accepted accounting principles (GAAP), net assets associated with endowment funds are classified and reported based on the existence or absence of donor imposed restrictions.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 and 2019

NOTE H - ENDOWMENT (continued)

Interpretation of Relevant Law

The State of Washington enacted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) in 2009. The Board of directors and management of the Foundation have determined that requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment absent explicit donor stipulations to the contrary is appropriate. The Foundation classifies net assets with donor restrictions as (a) the original value of gifts donated to the endowment with donor restrictions, and (b) the original value of subsequent gifts to the endowment with donor restrictions. The Foundation maintains an ongoing relationship with its donors and, with donor permission, allows appropriation of endowment funds in accordance with the Foundation's grant policy.

Return Objectives and Risk Parameters

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for a donor-specified period.

Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results that approximate the price and yield results of the S&P 500 and other relative indexes while assuming an overall moderate level of investment risk. The Foundation expects its endowment funds, over time, to provide an average rate of return of approximately five to seven percent annually. Actual returns in any given year may vary from this amount.

Strategies for Achieving Objectives

To satisfy its long-tem rate-of-return objective, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The primary investment objective of the Foundation is to earn through a combination of appreciation and income annual return net of fees of 6-8%. This return should cover the spending rate of the Foundation plus administrative fees plus the inflation rate as measured by the consumer price index.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 and 2019

NOTE H - ENDOWMENT (continued)

Change in Endowment Net Assets for the Year Ended December 31, 2020:

NOTE I - CORONAVIRUS RAPID RESPONSE FUND

As part of its mission-based work, the Foundation's initiated a community fundraising effort with other local partners. The Coronavirus Rapid Response Fund raised \$1.4 million from individual donors and foundations. The Foundation awarded 63 grants to community-based organizations for immediate emergency needs. Additionally, the Foundation partnered with Snohomish County to facilitate the awarding of CARES funding on behalf of the County to the nonprofit sector. Grants made on behalf of the County, not included in the Foundation's financial statements, totaled \$5.2 million in CARES funding to 72 nonprofit organizations and an additional \$900,000 to 38 local food banks. The Foundation earned a fee of \$760,000 for facilitating these awards.

NOTE J - RETIREMENT PLAN

The Foundation sponsors a 403(b) retirement plan covering all employees and provides a 5% matching provision. During the years ended December 31, 2020 and 2019, the Foundation contributed \$26,787 and \$22,833, respectively, to the retirement plan for eligible employees.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 and 2019

NOTE K - RISKS AND UNCERTAINTIES

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic which continues to spread throughout the United States. The United States and global markets experienced significant declines in value resulting from uncertainty caused by the pandemic.

The Foundation is closely monitoring the investment portfolio and liquidity and is actively working to minimize the impact of these declines. The financial statements do not include adjustments to fair value that have resulted from these declines. The financial statements presented herein do not include any adjustments that might result from the outcome of this uncertainty.

NOTE L - SUBSEQUENT EVENTS

Management has evaluated events occurring subsequent to December 31, 2020 through January 31, 2022, which is the date the financial statements were available to be issued and has recognized in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at December 31, 2020, including the estimates inherent in the processing of financial statements.
